OLITALIA

THE TRADITION OF TOMORROW.

All great cooking revolves around a great oil.

An oil that can be paired with any ingredient and that helps bind flavors together. An oil that combines experience and creativity, passion and professionalism. An oil with a family history of connecting tradition to innovation, established rituals to new trends. Born out of the best raw materials, it's the result of research and experience. A great oil is an oil that comes from a great family, such as Olitalia. Enhancing each preparation to make every dish perfect: from the most traditional to the most innovative, from that of a starred restaurant to that of your own home.

FRIENN

Italian frying
